

SRIVATSA "SRI" G.

Driven, Innovative, Curious

"Don't count the **days**,
make the days **count**."

-Muhammed Ali

BIOGRAPHY

Sri G. is an innovative student who strives for excellence both in and out of school. He has thrived in the classroom by being an AP Scholar with distinction. Within the 49ers STEM Leadership Institute (SLI), he has challenged himself and taken on new experiences, including participating in FIRST Tech Challenge and Maker Faire for two years. Through these experiences, he explored his passion for technology and hopes to use this passion to help those in need one day.

Outside of SLI, Sri strives to help his community by volunteering at the VA Hospital and participates in an internship with the Canary Center at Stanford for Cancer Research. Through these pursuits, and the training he has received from the Learning By Giving courses offered through SLI, Sri has discovered a passion for helping in areas of need.
